Wood and Steel  
Residential and Commercial

Project/Construction Management  
Custom and Spec. homes  
Construction Concierge  
Permit Routing/Expediting

Our goal at Accent Design Services is for customer satisfaction, whether it is a new home, renovation, commercial project or permit expediting. We strive for excellence to meet your specific needs. We endeavor to be professional and work at providing quality service with courtesy, while keeping in mind each clients needs. This attention to detail is what we know we would want in our own home or business.

The main drive of Accent Design Services is that we love what we do and believe that every family should be in a home that fits and satisfies their needs, lifestyle and budget.

Consider us your personal concierge for all your construction needs, from your dreams to reality. We will help you take it from your concept ideas, to computer to the actual construction. Let us help make it a reality.

From Space planning to land usage, we have done a lot of projects with varying conditions. This has allowed us to work with different companies, professionals and various government offices.
